LINING OUT STOCK

When we established this nursery in 1938, we decided to specialize in lining-out stock. We have done this and are known as the producer of the highest quality liners of anyone in the section. Whether it be Azaleas, Ilex, Magnolias, or any other nursery stock we grow, we produce the best. Repeat orders and more and more new accounts each year are our best testimonials. We are improving our quality and methods of production each season. We are very proud of our packing and feel the extra time we consume to doing an excellent job is well spent.
